Property tax questions in regards to Hurricane/Tropical Storm Harvey

What if I can't pay my 2017 taxes in full before the deadline, due to damage and expenses incurred due to Hurricane Harvey?

- The Tax Office offers a payment plan to individuals severely affected by Hurricane/Tropical Storm Harvey which allows you to make 4 equal payments without penalty and interest over a period of several months.
- For more information about [Installment Payment Plans for Disaster Victims, click here.](#)

Will my 2018 property taxes be affected by damage to my property due to Hurricane Harvey?

The Harris County Appraisal District (HCAD) appraises property every year on January 1. Any recent flood damage to your home that is not repaired by January 1, 2018, may be reflected in next year's value, which would subsequently affect your 2018 taxes.

How do I report my property damage to ensure my property is properly appraised for 2018?

You can report property damage due to Hurricane/Tropical Storm Harvey to the Harris County Appraisal District (HCAD) by one of the following methods:

- Call 713-812-5805 or email help@hcad.org and provide your:
Name
Address
Phone Number
Account number
the number of inches or feet of water you received
- or-
- Download the upgraded HCAD app for free through the Google Play Store or the Apple App Store, to your iPhone 4 or an iPad 3 (or beyond).

The upgraded app additionally allows you to identify whether the damage was on the home or garage and provides an event damage report that lists options for the amount of water, an estimate of damage caused by a tornado or roof leaks and a section for fire damage. See www.hcad.org for additional information.
