Message from the Principal

As the principal of McGhee Elementary it is my honor to cultivate a healthy school-parent relationship. I believe that every voice should be valued as we prepare our students for the future. The collaboration of faculty, staff, parents, students, and the community are imperative to student achievement. We offer a variety of opportunities at our school for parents to play a significant role in their child's education. Please consider partnering with our staff and other parents by attending some of the upcoming events and programs.
